

DODGED POLICEMAN, MOB AND LOCOMOTIVE, THEN IS CAPTURED

Accused of Wife-Beating, Prisoner Just Walks Out of Hoboken Prison.

William Hammerle of Hoboken left the police of that said little city a merry chase this morning which ended in his capture, although at one time it looked as if his life had been ended. William is forty-eight years of age and lives at No. 422 Grand street. Despite his years he is not entirely outwitted in a marathon. He was arrested yesterday on a charge of beating his wife.

When the prisoners were being taken from the new City Prison to court this morning, Hammerle walked out of doors. Detective Sergeant Gutheil was standing in the corridor and thought Hammerle's manner rather strange. At first he thought he was one of the workmen employed on the finishing touches to the prison, but the contractor assured him that the man was a stranger to him and the copper went after the wanderer.

Hammerle saw him coming, and at the corner of Washington and Newark streets broke into a run. Gutheil yelled to him to stop, but Hammerle increased his speed and soon had in his wake a shouting mob. A block away were the tracks of the Lackawanna Railroad. Hammerle cleared the fence at a bound and sped across the tracks. The policeman was close on his heels and the mob was a good second to the police men. Under a car went the fugitive and a yell went up from the crowd, for a train from Newark was pulling in on the other side. Under the car followed Gutheil and saw Hammerle sprint across the track in front of the train, up latter missing him by a foot.

Hammerle ran into the freight yard and mingled with the men. Gutheil was still coming. He recognized his man and called him. Back to prison went Hammerle and an additional charge of jail breaking was lodged against him. He will be arraigned to-morrow.

BAYHEAD Y. C.'S BIG EATS.
Deep Mystery of Ruffle Bar Awaits Solution.

The Bayhead Yacht Club fleet took seventy-odd members and guests to Ruffle Bar on its annual outing yesterday and had the time of its young life in spite of the weather.

The feature, of course, was the "big eats," though the "athletic" events in the tall grass and on the hot sands held their share of hilarity in the high Jinks. The fat men's race was, naturally, the main number of the strenuous part of the day, the entry list being so easy to fill. Commodore Brennan and his staff were ably assisted by Commodore Kriete of the Jamaica Bay Yacht Club and the latter's predecessor, Commodore Moran, both of whom are glad to rank merely as "A. B." in the Bayhead organization.

The outing developed a wetting and a mystery. Mayor George Schaller of Hoboken got the wetting. The mystery is, "Who pulled the string?" John Fox admits it wasn't "Bunty."

THE CURABLE STAGE OF CONSUMPTION

The all-important fact to impress upon the public mind regarding Tuberculosis is that even the worst case passes through its curable stage, that the curable stage is often of years duration, plenty of time to effect a cure, and the only possibility of a cure of the disease depends entirely upon its being discovered and properly treated before incurable conditions overtake the patient.

If you feel that there has been failure to correctly diagnose or understand your case, call on Dr. Anderson and investigate his means of treatment for yourself.

He is one of New York's leading Specialists in Thoracic and Lung Diseases, and an expert in diagnosis by special X-Ray examination, whereby he discovers the very earliest signs of lung trouble while the disease is yet in its curable stage.

It costs you nothing to find out for yourself, because office consultation and examination are given without charge. Dr. Anderson, Specialist, 50 West 23d Street, between 5th and 6th avenues, New York.
